## Summary

Strategic Full-Stack Developer with over 5 years of expertise in Ruby on Rails and React. Specialized in architecting high-scale e-commerce, health-tech, and CRM systems with a focus on pluggable fulfillment engines and automated workflows. Currently pioneering Agentic Coding by integrating AI agents into the SDLC to automate legacy refactoring, PR reviews, and accelerate feature delivery.

## Professional Experience

**Ekincare** Remote/Hybrid  
SDE-II (Full Stack) May 2024 – Present

- **Architected a Multi-Vendor E-pharmacy engine:** Integrated partners like Tata 1mg and Pillo; reduced vendor onboarding time from 2 months to 2 weeks.
- **Engineered Automated Cashless Reimbursement:** Built real-time fund transfer system using RazorpayX and UPI.
- **CaaS API Deployment:** Engineered high-availability APIs for B2B partners to manage medical provider networks.
- **Pioneered Agentic Workflows:** Used AI agents (Antigravity IDE) to automate PR reviews, legacy code refactoring, and test generation.

**Bluebash Consulting Pvt Ltd** Chandigarh  
Software Developer April 2022 – May 2024

- **E-commerce CRM Architect:** Built a custom ROR/React CRM processing millions of transactions with automated sales funnels.
- **Smart Payment Routing:** Integrated 30+ gateways, reducing transaction latency by 20%.
- **Team Leadership:** Led a team of 10+ developers, managing task delegation and resolving technical roadblocks.

**Bluebash Consulting Pvt Ltd** Chandigarh  
Associate Software Developer Jan 2021 – March 2022

- **Multi-Domain Tenant Solution:** Enabled 100+ vendors to operate on unique domains from a centralized core.
- **Marketplace MVP:** Built a Spree-based backend for rapid international merchant onboarding in 3 months.

## Personal Projects

**HydroPal** Current  
Developing an AI-powered hydration tracker chrome extension focusing on personalized health algorithms and sleek UI/UX.

## Education

**Lovely Professional University** Bachelor's in Computer Application (BCA) • 8.6 CGPA  
Computer Science Punjab, India • Until March 2021

## Technical Skills

### AI & Automation
